SECTION 01 · PROFILE

Led locally, rebuilt technically, ready to lead again

Ten years in Indonesian education and digital work, including **IT and curriculum for a vocational school of 60 teaching staff and several hundred students**, and founding a regional media community run by a core team of ten. Moved into international work in late 2024, deliberately taking hands-on roles with organisations in the UK and the US to build depth in a new context. Now ready to lead again.
